urn, 25 plates, 15 cups, 10 saucers, 1
plaster, 12 tin boxes, 10 tin buckets,
one milk can, 1 gallon oil can, 2 gal
water pails, 10 wooden crates, 10
cans of smoking tobacco, 20 packages
of chewing gum, 10 packages of shoeing
guano, 10 packages of straw, 10
manut can, 1 tin, 1 carpenter square,
1 carpenter saw, 10 lbs cash
about 1500 cigars of different brands.
Said goods shall be sold by cash to the
highest bidder in the building hereinafter
mentioned and at such a place as may be
fixed by me on or about the 21st day of
Oct 22 1904 at 2 p.m.

JAS. R. BLAIR,
Bailiff.

Local News.

A proverb says once told us—
"All will be right."
"A corn upon the cob is worth
A dozen on your feet."

Thursday, November 17, is
Thanksgiving Day.

A good stiff wind—an unusual
occurrence in Alberta—blew from
the west Sunday.

Mr and Mrs A. Morin of the Con-
cord settlement, are the parents of
a fine girl which made her arrival
a few weeks ago.

The season of delightful moon-
lit nights has again arrived. These
are the pride of our Alberta autumn
and winter.

The Canadian Bank of Com-
merce moved Monday into their
new quarters in their building next
the Royal Hotel.

W. H. Spackman has just in-
stalled in E. M. Lee's store a new
coal heater built on the furnace
principle, and fitted with pipes for
heating the living apartments over
head.

Several new subscribers have
been added to our list on the
strength of our liberal offer of the
Inter Ocean for 25 cents a year.
This offer will remain open only
for a limited time.

T. J. Durkin has in connection
with his tailoring establishment, a
complete stock of gents furnishings
including caps, gloves, and mittens
for winter wear. He solicits a share
of the patronage in his line.

Seventy-two students in new en-
rollment of Alberta College, Edmon-
ton, whose names appear in this paper,
The college will soon have a
register that will justify all the
hopes of its promoters and sup-
porters.

Mr and Mrs A. Shary left Mon-
day for Armstrong, B. C., where
they expect to make their future
home. This family were among
the early settlers of the Ponoka
district and have made many friends
here, consequently it was with re-
luctance that they departed
from here. Their friends will join
in wishing them success in their
new location.

Hinlo electric oil found a ready
sale at the district sale Saturday
at 10 cents per bottle, and the local
pushover was well supplied. Some
who appeared to be conversant with
the medical qualities of the medi-
cine purchased as high as twenty-
five bottles. The remainder of the
distilled goods sold at reasonable
figures. J. S. Stater, bailiff, as
auctioneer, making quite a success-
ful attempt at winking the hammer.

What promises to be a success-
ful crop in this part of Alberta is
wheat. This grain is comparatively
new to many of the farmers, but is
said to be a very profitable crop to
grow, both on account of its value
on the market and its splendid
qualities as a feed for stock. M.
Malson and N. McEwen each have
sown a small quantity of it in the
past season, and have harvested a
large crop. The yield of that of
Mr Malson is estimated at approx-
imately 70 bushels per acre.

Thos. Watie left Monday for
Armstrong, B. C.

Rev. M. White, of Lacombe, was
in Ponoka the first of the week.

A. J. Aldrich has just completed
a large new barn for C. C. Reid.

A. J. Rolfe has moved his family
into the new house on the McGillivray
farmhouse store.

A. J. Rolfe has purchased the
equipment and lease of the Ponoka
pool room, and is now in charge of
the same.

Work was begun Monday on
Bliss & McKelvey's warehouse.
A crew of some half dozen men are
engaged, and the work will be
hurried till along.

The Ponoka bowling alley will
soon be reopened. E. C. Threl-
keld and T. C. Stetich will be the
men at the helm, and will endeav-
our to conduct the place to the
satisfaction of the public.

Geo. Brodie left Tuesday for his
home in Ontario, after several
weeks pleasantly spent here visit-
ing his brother and enjoying some
of the pleasures to be found in this
part of Alberta.

The carpenter work of the new
Baptist church was begun on Mon-
day under the direction of A.
J. Aldrich. The building will be
20x20 feet, built in such a way that
it can easily be enlarged when
necessity demands.

It is with regret that we chronicle
the low state of health of J.
Campbell. A special nurse from
Calgary is attending him, while a
physician from Calgary was also
sent to look after him.

The physicians state that his ailment is a case of general
debility, and urge to soon have
him restored to usual health.

"A Bad Stopping Place," the
theme of Rev. Gordon's sermon
Sunday night, was listened to
by an audience that well filled the
church. The lesson which the
speaker sought to impress upon the
audience was that of continuance,
when once begun, of reform of the
spiritual and moral life. The lesson
was drawn from the story of the
prophet Elijah and King Jezebel.
Rev. Gordon is now preparing a series of what
he terms picked up sermons, the
first of which will be a sermon
picked up around a threshing
machine, which will be delivered
on Sunday evening, November 6.

One of the ablest addresses
delivered in Ponoka for several
months was that of Rev. J. W.
Shearer, secretary of the Dominion
Lent's Day Alliance, Sunday morn-
ing. His eloquent appeal for a
strict regard for the Sabbath was
prefaced by a short reference to
the work of the Alliance in Canada.
The society was organized in 1895,
and now has branches in many
towns and villages of the Dominion
with a membership of some 27,000.
During the past year the Alliance
has successfully prosecuted over
thirty cases of Sabbath desecration,
while since its organization it has
secured legislation favourable to
the Sabbath in 75 instances. The
organization is not a church, but a
union of all the churches that
believe in the sanctity of Sunday.

The weather continues warm and
bright—the ideal of our Alberta
autumn.

W. H. Garman and family, on
Tuesday, moved into the old school
house building.

J. A. Kerr came down from Wo-
taskwin Sunday for a short visit
with Ponoka friends.

Mr and Mrs Jos. Reid are the
proud young parents of an infant
girl who made her advent Tuesday
morning.

J. D. McGillivray, R. W.
McKinnell, and J. W. O'Brien left
Monday for a few days' hunt at
F. E. Lee's.

S. E. and Chas. Stephens and
C. I. Cross left yesterday for B. C.,
where they hope to find work for
the winter.

P. H. Selme this week disposed
of a quarter of land in 4-27.
It was too far from his home place
for him to handle profitably.

Mrs. Tugman and daughter left
yesterday for their home in Toron-
to, having been staying here with
their daughter and sister, Mrs. D.
J. Kelly, since the death of her
husband.

If Christians have enjoyed a visit
this week from his old time
neighbor, Mr. Nutbrook, of Wor-
thing, S. D., Mr. Nutbrook took
a trip out to Mr. Christians' farm
on Willow creek and was very fa-
vorably impressed with the country.

J. P. Horn has charge of moving
the monstrous safe of the
Bank of Commerce to the
Monday. It weighs 5000 pounds,
and considering the appliances at
hand for handling such a weight,
the moving was done in a remark-
ably short time—exactly three and
a half hours.

Last Wednesday's shoot of the
Ponoka gun club was the twenty-
sixth of the season. In other
words, for twenty straight Wednes-
days the club has held their week-
ly shoot without a break on ac-
count of inclement weather. The
total was 5000 shots at the last
shoot by F. M. Lee.

Rev. J. W. Shearer, of the Lord's
Day Alliance, called upon us Mon-
day and showed a poster which read
as follows:—"A political meeting
will be held at New Salem School
on Sunday night, October 22, when
Colonel Gregory, the Farmers' can-
didate will speak, etc." Mr. Shear-
er stated that more would in all
probability be heard of it, so he
intended investigating matters.

It is with sincere regret that we
chronicle the death of Mrs. Band,
mother of Alex. Band, of the Bank
of Commerce staff, here. Mr. Band
received a telegram on Thursday
from Toronto stating that she
passed peacefully away that morn-
ing after having undergone an
operation in St. John's Hospital
the day previous.

W. J. Milne, John Beck, Clarence
Beck, A. J. Ray, Geo. Brodie, and
W. A. Brodie spent a couple of
days shooting at Spotted Lake, near
Lanark, Ontario. While there John
had the misfortune to accidentally dis-
charge his gun while carrying it,
a part of the charge going through
his foot. While the injury in-
flicted was comparatively slight, he
nearly crippled by a serious accident.
Mr. Milne and W. A. Brodie had
the experience of an invigorating
plunge bath in the lake while out
after geese during the small hours
of the morning. While shooting
over half a mile from land the boat
in which they were became over-
balanced and capsized in water
neck deep. Needless to say the
experience at this time of year was
a refreshing one, and the sympathy
manifested to them by the other
members of the party when they
landed at camp was not conducive
to an improvement of their good
nature.

night. Ladies invited.

Dr. McKil, of Calgary, was here
the first of the week in consultation
with Dr. Campbell on the illness of
J. Fairley.

Farmers are very busy plowing.
The present fall will witness the
largest amount of fall plowing ever
done in this district.

Col. Gregory was here held a
meeting here Tuesday night, but
received a message during the day
calling him home.

An increasing business made the
acquisition of a new clerk necessary
at F. E. Lee & Co's. H. E. Man-
ning has taken this position.

Samuel March, grandfather of
G. E. March, of the Hanco staff,
arrived Wednesday from Canistota,
S.D., to take up his residence near
Edenvalley, where he has a home-
stead.

F. B. Watson and P. Makipioe,
of Lacombe, spent Wednesday
morning here, enroute to
Lodge, where they appeared before
J. B. Holden, returning officer,
yesterday, for the purpose of
formally nominating Col. Gregory
for M.P.

A Hinkley had on the street
yesterday what was regarded as
by men who knew, to be the best
fall wheat they had ever seen in
any country. It was some of his
growing of the past year and while
owing to a poor stand the yield was
only about 20 bushels per acre the
quality was certainly No. 1. Mr.
Hinkley was delivering a hundred
bushels to H. H. at the hand-
some price of \$1.10 a bushel.

Miss Kathleen Millican, teacher
from the School of Domestic
Science, Toronto, and associate,
Miss Brown, were at F. M. Lee's
store Monday, Tuesday, and Wed-
nesday, demonstrating, in a prac-
tical way the merits of Blue Ribbon
tea, coffee, baking powders, jelly
powders and spices, and the Bull's
Eye Patent flour, for sale by Mr.
Lee. A dainty lunch was served
to all callers during these days.

Next Monday is the day of nomi-
nations for the first mayor and
council of the town of Ponoka. Let
every taxpayer turn out and take
part in the first municipal election.
The election of the first council is
a most important matter to the
town, for so far the town as with
individuals on the first few years
of its existence depends to a very
large extent its future success. The
first years of the history of the
town will be many and most im-
portant. There will be many and
valuable questions to come before
the council. To provide all the im-
provements that will be forced up-
on the town and still maintain a
reasonable tax rate will be no
easy task, yet an imperative duty
of the first body of town officials.
The six candidates should be selected
from among the most honorable
and capable business men of the
town—men who are level headed
in the discharge of business and
who will take an interest in the
civil life of our young town. To
this end it should be deemed
advisable that a tax rate will be
set, and the electors to do so, to accept
either of the responsible positions
when elected, to not shrink from
their duty in the discharge of the
town's business.

Christmas Number.

The Herald is contemplating
the issue of a special Christmas
number; one which we desire to
make a credit to the office and a
benefit to the community. It is
our intention to make it at least
twice the usual size of the paper,
and to print and distribute in the
neighborhood of 2000 extra copies.
An issue filled with special matter
bearing on the advantages and
resources of the town and district,
and thus freely circulated, should
result in considerable good in the
settlement of this part of the dis-
trict, and we hope to be favored by
the assistance and co-operation of
the business men in the prepara-
tion of the edition.

It is obvious to all that such an
enterprise will entail considerable
extra expense on our part, yet it is
our intention to ask any direct
financial assistance from the busi-
ness men. We would, however,
take this opportunity of asking for
contributions in the way of special
articles on the various advantages
which is offered prospective set-
tlers by the resources of the coun-
try. It is also our ambition to
have the edition illustrated by a
gaily painted and plated artist,
farm residences and farm scenes,
as well as the views of the town,
and any assistance in this line will
be heartily appreciated.

The wide circulation of the issue
will make it a splendid advertising
medium for our business men, and
we hope they will liberally assist
us in this manner.

Railway Improvements.

Our announcement of a couple of
weeks ago of current report that
the C.P.R. would erect a round
house here and keep the engines
and crews for the two branch lines
from Waskia and Lacombe has
caused considerable comment
both locally and in our exchanges
on the line. Indications of the
truthfulness of the report continue
to grow. A crew of surveyors
were here recently taking measur-
ements and making a survey of
what appeared to be a side track
at the supposed site of the round
house. The section foreman here
has also received instructions to
move the stockyards from their
present location. This in itself
would plainly indicate that there
was some improvement in con-
templation by the company.

It has always been confidently
expected that the C.P.R. had some
project in view in connection with
an extent of their land at this
place, and it is not unreasonable
to expect that Ponoka may eventually
become one of the important rail-
way towns of Alberta.

Buchanan Stock Company.

The Buchanan Stock Company
opened a two night's engagement
in Rolfe's hall last night with the
comedy farce "An Eye on Hubby."
While the audience could have
been larger, those present were
afforded a great treat, and received
the play with continued applause.
The company is certainly one of
the best that has visited here, and
deserve good patronage. Tonight
they present the great dramatic
drama "Fanchon." Robert Buch-
anan, who especially delighted the
audience that night, and then
does will take the leading part in
the twin brothers. The play to-
night will be followed by a free
dance.
